WANT TO KNOW MORE?

The products on these pages are just a few examples of what we can do for you. Whether you're interested in our designs or you have your own designs, contact us, and we can explore how to make your ideas a reality!

1 6061 AND 7075 ALUMINIUM

Reliable aluminium offers excellent strength-to-weight ratio. Can be worked into many shapes. Recycleable!

2 TIG AND SMOOTH WELDING TECHNOLOGY

A showcase of welding craftsmanship and dedication to the smallest detail. Over 20 years of experience.

3 INTERNAL CABLE ROUTING SYSTEM

Unightly cables are now hidden, but maintains maximum performance with optimum routing technique.

4 HYDROFORMED TUBES

Complicated aluminium tube shapes is now possible without having to add extra weight.

5 GRAPHICS DESIGN AND AESTHETICS

Aluminium is one of Earth's most beautiful material. We can make it look even more spectacular.

6 DECAL AND PAINTING

We use the same decal and painting facility as the highest end international brands.

WE DESIGN AND MAKE OUR OWN PRODUCTS IN TAIWAN. IN OUR OWN FACTORY. BY OUR OWN TEAM.

And we stand by each and every one of them that leaves our front door. Because we can assure you that each product is engineered, fabricated and tested to pass the most rigorous quality and performance standards.

HYDROFORMED TUBE TECHNOLOGY

Aluminium tube shape is now limited only by your imagination and creativity. Use our design or your own unique design to create frames that are truly special.
